He is still there.

Can't be ...
I can say for certain, but due to the shock, he may have regained his lost memory.
Just a guess, that's all.
Is he going to be all right though ?
Captain Jyang !
The chief wants to see you.

Ahem your highness
Bring it to me later.
It is a very important matter ....
Can't you see that the emperor s condit on ?

Fine !!
With my authority,
I am arresting general Gantur
What are you say ng?
An extremely important hostage has escaped.
The hostage was a vital key to the upcoming raid.
He is in charge of the whole military force. Don't tell me that he knew nothing about the hostage.

Blur Devil has taken over the sky

TODAY'S KHSANTRA NEWS

BLUE DEVIL TOOK OVER THE SKY!!

ATTACK LIKE LIGHTNING

▲ A fighting aircraft of KHSANTRA is downed by the "Blue devil"

who appear like ghost at the battle sky. Blue devil is known as Amidy redman who has graduated from Khsantra Aviation school as the Top Ten his fighting skill is known as the best among pilots in history and he keeps on breaking his own record. In addition, he witnessed that his combat style was very scary and ideal for Wounded people is increasing.

The aircraft flunked by the mysterious fighter is known as Amidy

The force has been downed by this

Genius writer Jeong-Hyeon Lee has created a unique world in which humans and monsters live together. Lee's debut work, Tower of God, has already become a huge hit in Korea, and the English version is now available online for free. The story follows Bam, a boy who has lived in the Tower for as long as he can remember. He has no memory of his past, and his only friend is a girl named Rachel. One day, Rachel disappears into the Tower, and Bam decides to follow her, hoping to find out what happened to her and to learn more about his own mysterious past. As he climbs the Tower, he encounters strange creatures, powerful warriors, and ancient secrets that challenge his understanding of reality. The Tower is not just a physical structure; it is a symbolic representation of society, with each floor representing a different level of social hierarchy. Bam's journey is not just about reaching the top, but about discovering the truth about himself and the world around him. The art style is detailed and expressive, with a strong emphasis on character design and environment. The story is filled with action, suspense, and emotional depth, making it a compelling read for fans of fantasy and adventure.
